NORTHWEST HIGHLIGHTS

Engineering and Design

Engineering is an important component of STEAM Education. Engineering is the process of inventing, designing, building, and creating structures or solutions. It helps students develop problem solving skills. You can help your child at home by making Engineering and Design Bins. It's easy! Just collect house hold items such as...

- Toothpicks
- Paper Towel Rolls
- Toilet Paper Rolls
 - Q-Tips
 - Dixie Cups
 - Legos
 - Spaghetti
 - Cotton Balls
- Marshmallows
- Play Dough

The Possibilities are Endless!!!

Print out different pictures and allow your students to choose one they would like to build using the materials in the bin. You can also let them tap into their imagination to create something new. It's amazing what students will invent!!!

Parent Cafes will be held at the Salvation Army, 1031 Guilford Street, on Tuesdays, October 10th and 24th from 10:00 – 11:30 AM. Parent Cafes provide an opportunity for parents to enjoy sharing and getting new ideas and enjoy free refreshments.

Smart Start Story Time

Smart Start Story Times will be held at the Northwest Library on Fridays, October 13th and 20th from 9:00 – 9:30 AM for babies, toddlers, and their parents, grandparents, and caregivers. This Story Time is especially for younger siblings of Northwest students.
